**Save The Child
Smile Foundation**

Together for a Brighter Tomorrow

Every
child
deserves
a chance
to live

We are reaching out to seek your kind support for **12-year-old Hari Om**, who is suffering from a **hole in his heart** and urgently needs surgery.

When Hari Om was born, he appeared to be a healthy child with no major problems. However, as he grew older, he started facing difficulties. While playing with other children, he would get tired and breathless very quickly and gradually began falling ill more often. After medical consultation, his family came to know that he has a **hole in his heart**.

Since then, Hari Om has been receiving treatment at **AIIMS, Delhi**. Doctors have advised him to undergo heart surgery, for which the estimated cost is around **₹1,60,000**.

Hari Om's father, **Priyanshu**, earns his livelihood by running a small **samosa stall**. With such limited income, arranging the entire amount for his son's surgery is beyond the family's financial capacity.

We are making every effort to raise funds for Hari Om so that his surgery can be performed as soon as possible. **Your support, no**

matter how small, can bring hope to this family and help Hari Om get the treatment he urgently needs.

We sincerely request you to come forward and support Hari Om's treatment. Together, we can give this young child a chance to live a healthier and happier life.

Please help us save Hari Om.
